Professional Profile

B.Tech Computer Science undergraduate with strong foundations in web development and core CS subjects. Skilled in React.js, JavaScript, and responsive UI development. Strong understanding of Data Structures and Algorithms, DBMS, and Operating Systems with hands-on project and hackathon experience.

Skills

- **Languages:** Java, JavaScript, HTML5, CSS3
- **Frontend:** React.js, Next.js, TailwindCSS, Responsive Web Design
- **Backend (Basic):** Node.js, REST APIs
- **Tools/Database:** Git, GitHub, MySQL Workbench, Figma, VS Code
- **Core CS:** DSA, DBMS, Operating Systems, Artificial Intelligence

Experience

Web Development Intern

Corizo (Wipro)

- Completed structured training in full-stack fundamentals and hands-on project workflows.
- Implemented 10+ responsive UI components using HTML, CSS, and JavaScript, improving layout consistency.
- Practiced CRUD operations, form validation, and client-side error handling to improve data quality and usability.

Projects

Student Event Management System (Next.js)

March 2025

- Developed a student portal enabling event hosting, participation, and event updates using Next.js.
- Improved user navigation by organizing event categories and listings, reducing browsing effort by 30%.

E-Commerce Website Clone (Frontend)

- Created a responsive e-commerce UI with product sections, navigation bar, and structured layouts using HTML and CSS.
- Enhanced mobile compatibility and page alignment across screen sizes for consistent user experience.

Trading Dashboard with Real-Time Insights

- Designed a dashboard interface for market insights with reusable UI sections and responsive layout.
- Improved readability and interaction using structured components and clean spacing for better usability.

Research Work

- **Deepfake Detection in the Era of Artificial Intelligence** — Studied deepfake risks and explored CNN and GAN-based detection approaches.
- **J5G Wireless System** — Research work conducted from 5 June 2023 to 2 July 2023.

Certifications

- NPTEL (IIT Roorkee): Body Language - Key to Professional Success (Apr 2024)
- ISRO: Geodata Processing Using Python and Machine Learning
- Cisco: Digital 101 Journey, Networking Basics
- Employability Skills Development Course (Industry 4.0 Skills)

Education

Amity University, Noida

B.Tech in Computer Science and Engineering

Sep 2022 – Jul 2026

CGPA: 7.7

Achievements

- 2nd Place — Amity Circuitathon 1.0 (2022)
- 1st Place — Amity E-Hackathon (2025)
